GREETINGS

WE ARE BACK AGAIN to our old friends and some new ones, with our list of the reliable and easy grown flowers and shrubs.

The country at large is planting more flowers, shrubs and trees than ever before, many Home owners have their flowers and lawns with shrubbery, be it large or small and they are the better and happier with them. It's a home with them, only a house without them.

JUST THINK! Daffodils when the snow is not all gone, then Tulips in lovely colors; a week after, the Iris, for a month. They surpass in range of colors and markings, any other flower. Close after them, the Peonies for weeks. Then Daisies, Perennials, until the early Gladiolus, Dahlias and Hardy Chrysanthemums. You have flowers all season. You have flowers all season.

I am trying to please you and give big value for your money. If any one will give you as good goods for less money, buy his, but remember, its not what he promises, but what he does that counts. You may find it better to deal with a grower than some clerk in an office. All we ask is a trial. Read all catalogues, and study the flowers, but drop the adjectives, grand, superb—and go slow on the very new. We want you to enjoy life and get real pleasure out of the flowers; to know them individually; they have likes and dislikes like you and I. Don't kill them with kindness, or let weeds choke them.

A small investment in Gladiolus, Dahlias, or perennials, the price of a few movies; will give you a bed of beautiful flowers in your own yard which each morning will make a more beautiful show of color than the hand of man has ever been able to produce and at the end of the season you will have twice as many as you started with.

TERMS: All bulbs, plants, light shrubs, and small trees under 1ft., at prices listed herein, send PREPAID, ANYWHERE east of Mississippi river.

Heavy Shrubs, Evergreens hedge and trees or special wholesale priced lots boxed free, sent by Express collect.

We are too poor to do other than a cash business and to protect you, guarantee you value for every cent sent us. If anything is not received right or in good shape, if you notify us AT ONCE, we will try to please you and make it right. We are not perfect, not as good as we were 40 years ago, but we can and do give satisfaction. Please remember after goods have been shipped in good shape, I can't be responsible for them or the resulting crop. It's up to you in the planting and care. I will do all I can to help you, and I know I please or lose you.

Get our Fall list in August of Daffodils, Tulips, Lilies, Peonies, Shrubs and Plants, best planted at that time of the year.

If you have time ground and nearby market for flowers, we suggest you grow them for sale. Advise me and I may be able to help you start. If you love flowers, it will give you pleasure as well as profit. Fine for ladies who understand gardening, or older men or young men who want to learn I will go in partnership with you and furnish the stock and instructions.

SPECIAL COLLECTIONS, to plant in front of house or porch.

8 Evergreen Trees and Shrubs \$10.00.

Let me price anything you want for outdoor planting Street trees, Hedges, and Lawn making.

Advice in Tree Surgery.

GLADIOLUS

We grade in three sizes— Large, Medium and Small. Prices quoted are on medium, averaging one inch and up, the surest to give fine bloom and large increases in bulblets.

You can have the largest size, one and one-half to two inch at one-third more. Or the smaller $\frac{3}{4}$ inch and less, most of which will bloom $\frac{1}{4}$ less. You may select five kinds, 20 of each to make 100, single bulb $\frac{1}{2}$ the price of 3. Dozen prices, 3 times price of 3. You pay for 9 and get 12.

	Price of 3	100

California Dahlia Seedlings, from a special Dahlia Hybridizes, 90 percent double, many superior to named ones. You can't invest \$1.00 and get such a quantity of fine flowers any other way. All different, 12 for \$1.00 will surprise you.

We have small lots of many new kinds. Will send 6 different ones for \$2.00.

If you want dahlias cheaper than begging from your neighbor, I will send you 15 of a general mixture for \$1.00 prepaid.

If you are not pleased with this bargain, return the clumps to me in the fall and get your money back. Hows that?

IRIS GERMANICA
